Job Description:

The Barrett Honors College of Arizona State University invites applications for a faculty position as Lecturer, Senior Lecturer, or Principal Lecturer. The faculty of the honors college, comprised of non-tenure track Lecturers, Senior Lecturers, and Principal Lecturers most on three-year renewable and rolling appointments, normally teach three to four seminar classes of fewer than 20 students each semester. Most of these classes are sections of a first-year, two-semester interdisciplinary examination of important ideas from the earliest writing to the present. They are discussion-based seminars taught by the faculty from their different perspectives of natural science, social science or humanities. Special attention is given to critical thinking and argumentative writing skills. Barrett Honors College students represent the top six percent of undergraduates at ASU, with average entering SATs of 1320 and over one-third of each class are National Scholars. We seek to fill a full-time, multi-year faculty position to teach the first-year seminar, preferably from the point of view of a social science discipline, but others in natural sciences and humanities may apply. The position begins August, 2010; the nine-month salary will be based on education and experience.

Qualifications: A PhD in any field of social or natural sciences and humanities as defined at ASU is required at time of hire, as is prior teaching experience at the college level. Experience in leading discussion seminars is desirable. Application: Please send: (1) letter of application detailing teaching philosophy and experience, disciplinary training and research, and how your discipline can contribute to honors education, (2) C.V., (3) a sample syllabus for The Human Event our first-year seminar, second semester HON272/273/274 (samples can be found under faculty profiles on the college website), and (4) three letters of references from people who can address teaching experience. Send application materials and have letters of reference sent to: Faculty Search Committee, Barrett Honors College, Arizona State University, PO Box 871612, Tempe AZ 85287-1612 or electronically to John.Lynch@asu.edu. Questions about the position may be addressed to: John Lynch, Chair, Faculty Search Committee, at the same address. Review will begin on March 17, 2010 on a rolling basis until the position is filled. ASU is an Equal Opportunity, Affirmative Action employer in policy and practice.

Job Description:

The Cornell Population Program (CPP) invites applicants for the newly funded Frank H.T. Rhodes Post-doctoral Fellowships. The start date for the position will be August 16, 2010 and will be funded for 2 years, subject to a satisfactory first year evaluation. Selection will be based on scholarly potential, ability to work in multi-disciplinary settings, and the support of a faculty mentor and CPP affiliate at Cornell who will work closely with the post-doctoral associate. Preference will be given to fellows with research interests in areas broadly related to the CPP's three main foci: families & children, health behaviors & disparities, or poverty/inequality. Especially encouraged are applications from candidates whose research has significance for those countries on which the fellowship's funder focuses – the United States, the Republic of Ireland, Northern Ireland, Vietnam, South Africa, and Bermuda. The Frank H. T. Rhodes Fellowships stand as a testament to the profound difference Frank Rhodes has made at Cornell by furthering scholarship and research in areas related to poverty alleviation, support for the elderly and disadvantaged children and youth, public health, and human rights. The postdoctoral program is designed to provide an intense apprenticeship through collaborations with faculty and to assist new scholars in launching their own programs of research. Postdoctoral Associates devote most of their time to independent research, but are expected to be involved in CPP institution building activities, as well. See <http://cpp.cornell.edu/> for more information about the Cornell Population Program. The postdoctoral associate will have access to the full range of university resources and receive an annual salary of \$50,000 plus benefits and a modest research/travel account. Applicants must have a Ph.D. in demography, economics, sociology, or another related social science discipline by August 16, 2010. Screening of applications begins February 10, 2010, and will continue until the position is filled. Applications must include: (a) letter of application, (b) curriculum vita, (c) a 2-3 page statement proposing both an individual research project and how the candidate will engage with a CPP faculty affiliate's on-going research, (d) examples of written work, (e) a letter from a CPP faculty affiliate agreeing to mentor the candidate, and (d) three letters of recommendation. These materials must be submitted online at <http://www.ohr.cornell.edu/jobs/>. Once you reach this web site, please click on Faculty and Non-Faculty Instruction, Research & Extension Positions and search by Job Number 12108. For questions, please contact Erin Oates (eo73@cornell.edu). Cornell University is an equal opportunity, affirmative action educator and employer.

Job Description:

Presidential Endowed Chair: Professorship in Health-related Social Sciences / Humanities Search Lehigh University announces the establishment of a Presidential Chair in Health in the social sciences or humanities. The holder of the Presidential Chair will be a dynamic scholar and teacher committed to advancing research in his or her field while acting as a catalyst to expand Lehigh's new, university-wide Health Initiative. A second, comparable search in the sciences or engineering is being conducted simultaneously. Candidates for the Presidential Chair must have a distinguished record in health-related research in the social sciences or humanities and demonstrated excellence in teaching. Candidates are expected to develop research collaborations with Lehigh faculty and strengthen ongoing relationships with the local medical/health care community. Appointment will be at Associate or Full Professor rank in an appropriate disciplinary department. The position includes a competitive salary and research support. Opportunities for collaboration exist through a wide range of health-related programs on campus such as the undergraduate Health, Medicine, and Society program (<http://cas.lehigh.edu/hms>), graduate programs in Pediatric School Psychology (<http://www.lehigh.edu/~inpedpsy/index.htm>) and Biopharmaceutical Economics (<http://www4.lehigh.edu/business/academics/graduate/healthconomics>), as well as with two nationally-ranked hospital centers (St. Luke's Hospital and Lehigh Valley Hospital) and a wide range of medical and public health institutions. Lehigh University offers a uniquely hospitable environment for cross-disciplinary work in a wide range of fields; the Presidential Chair holder will be an energetic individual who would thrive in such an environment. Lehigh University is especially interested in candidates who can contribute to the diversity of the academic community. Lehigh University is a mid-size private institution dedicated to excellence in teaching and research. The University is located on a beautiful 1500-acre campus in Bethlehem, PA, in the center of the Lehigh Valley metropolitan area (population 700,000), one hour north of Philadelphia and 90 minutes west of New York City. Lehigh has consistently ranked in the top tier among national research universities in the U.S. Nominations and applications should be sent by email to: presidentialchairhealthscihum@lehigh.edu. For applications, please include a cover letter, C.V., two representative publications, and the names of three potential references. Additional information about Lehigh University and about this search can be found at <http://www.lehigh.edu/healthsearches/socialscienceandhumanities/index.html>. Review of applications will begin on March 15, 2010 and will continue until the position is filled. Lehigh offers excellent benefits including domestic partner benefits. INFORMATION SHEET December 16, 2009 THE UNIVERSITY OF GUAM SOLICITS APPLICATIONS TO ESTABLISH A LIST OF ELIGIBLES FOR THE FOLLOWING TENURE TRACK APPOINTMENT #021-10 ASSISTANT PROFESSOR TO ASSOCIATE PROFESSOR (SOCIOLOGY) Location: College of Liberal Arts and Social Sciences/Division of Humanities University Information: The University of Guam is the premier institution of higher education in the Western Pacific. It is a land-grant institution, accredited by the Western Association of Schools and Colleges Senior Commission. Located in the village of Mangilao on the island of Guam, the campus overlooks beautiful Pago Bay and the university's world-class Marine Biology Lab. The university has 3,500 students, 90% of Asian or Pacific Islander ancestry, providing a uniquely diverse campus and multicultural atmosphere. As a regional, comprehensive, open admissions institution, the university awards degrees at the baccalaureate and master's levels through its two colleges and three professional schools. Over the next five years, the university will be entering an exciting period of growth linked to anticipated increases in military investments and resultant economic expansion in Guam. Three major University initiatives have been developed to maximize academic and community opportunities during this period: "UOG the Natural Choice" to encourage local students to aspire to attend college and to choose the University of Guam; "UOG Green" with renewable energy and sustainability central to the initiative; and "UOG Leading Change" on Guam and in Micronesia. Extramural funding from competitive Federal sources as well as contracts is rapidly expanding. Such opportunities along with a critical mass of dedicated and capable administration, faculty, students, and staff make the University of Guam an exciting place to be for many years to come. Job Description:

Virginia Commonwealth University seeks a director for its school of government and public affairs and invites nominations and expressions of interest. The Virginia Commonwealth University L. Douglas Wilder School of Government and Public Affairs, first organized in 2003, is an interdisciplinary school, bringing together faculty from multiple disciplines and applied fields with a shared interest in service and public affairs. The school offers programs spanning the undergraduate through the doctoral level, in addition to post-baccalaureate and certificate programs. Disciplines include criminal justice, political science, public policy and administration, urban and regional studies, sociology, and one of the first homeland security and emergency planning programs in the nation. Graduate programs include master's programs in criminal justice, public administration, sociology, urban and regional planning, and a Ph.D. program in public policy and administration. The school stands at the intersection between policy analysis and development, research, and service to public and private interests both in the region and nationwide. Its possibilities are extraordinary. The director will provide vision and leadership for academic activities, scholarship, community engagement, and fund development for the school. The director will help to shape the future of the school by articulating a vision, defining standards of excellence, and identifying directions for new growth. He or she will advance research, education, and engagement in the government and public affairs arena – in Richmond, throughout the Commonwealth, and nationally. The director will nourish and build external partnerships, including engaging the expertise of the faculty to address government and community issues. As a matter of high priority, the director will secure financial support from a wide range of sources. Promoting excellence and diversity, the director will be responsible for student and faculty recruitment, development, and retention. He or she will manage the school's resources, academic programs, faculty, staff, students, facilities, and budget. The director, who reports to the dean of the VCU College of Humanities and Sciences, will work collaboratively with college and school leadership, including the school's advisory committee, to advance the mission and vision of Virginia Commonwealth University and the Wilder School. Ultimately, under the director's leadership the school will evolve to become a free-standing unit outside of the college. The successful candidate will be a nationally recognized entrepreneurial leader able to infuse the Wilder School with a sense of common purpose and pride. Requirements include a record of distinguished research, teaching, and/or public service; substantial administrative experience, preferably at a research university; proven success in external fund development; and credentials that merit appointment at the rank of full professor in the school. Experience in addressing the social and economic issues in the widest variety of communities will be highly valued. Applicants with strong leadership experience and outstanding accomplishments in government and public affairs are also welcomed and will receive serious attention. This is an exceptional opportunity for an individual with the drive, skill, and experience to bring creative leadership to a distinguished organization and to play a critical role in shaping its future. The search process is currently underway and will continue until the position is filled. Nominations are welcome. Confidential inquiries may be directed to the Witt/Kieffer consultants supporting this search: Mary Elizabeth Taylor, at (212) 686-2676 or Elizabeth K. Bohan at (630) 575-6161. To receive full consideration, please submit a letter of interest, curriculum vitae, and the names and contact information for five references (who will not be contacted without permission) to VCUWilder@wittkiewer.com by March 15, 2010. Virginia Commonwealth University is an affirmative action/equal opportunity employer, building strength through diversity.

Job Description:

Post Doctoral Fellowships in Cancer Control. Two to three year postdoctoral fellowships are available in cancer control with a focus on cancer survivorship. These fellowships are funded through an NCI R25T training program at the Comprehensive Cancer Center and Division of Public Health Sciences at Wake Forest University. The program seeks individuals with recent doctorates (PhD, DrPH, MD, DO) in health-related areas as well as more experienced individuals with similar degrees wishing to change to or more fully develop their cancer survivorship research. Two to three years of funding are offered along with tuition, health insurance, research support, and travel allowances. Trainees may opt to earn an MS degree in Clinical and Population Translational Sciences as part of their training. This innovative cancer survivorship program involves closely mentored multidisciplinary training. The roster of mentors includes faculty from a variety of disciplines (social and behavioral sciences, medical and radiation oncology, epidemiology, nutrition, cancer biology, and genetics) and methodologies (clinical trials, observational studies, clinical research, large databases, and qualitative research). The program provides didactic and experiential training, including practical training in research (i.e., grant preparation, analyzing findings, and preparing manuscripts for publication). Faculty expertise and research areas include symptom management; quality of life; complementary and alternative medicine; cognition; behavior change related to smoking cessation, exercise, and diet; and health services research. All trainees obtain hands-on experience with cancer survivors either through primary data collections and/or through observations of support groups or clinical research experiences. To be eligible, you must be a US citizen or permanent resident. Start date is flexible. Send cover letter including statement of research interests and how the training grant will further your career in cancer survivorship, curriculum vitae, and 3 letters of recommendation to Nancy E. Avis, Ph.D. Wake Forest University Health Sciences Department of Social Sciences and Health Policy, Division of Public Health Sciences, Medical Center Blvd., Winston-Salem, NC 27157 or navis@wfubmc.edu. Position number #00010401. Wake Forest University Health Sciences is an equal opportunity/affirmative action employer.
