

# ASA Spivack Program in Applied Social Research and Social Policy Community Action Research Initiative (CARI) Grant Call for Applications

The ASA encourages applications for the Community Action Research Initiative (CARI). The purpose of this grant is to encourage sociologists to undertake community action projects that bring social science knowledge, methods, and expertise to bear in addressing community-identified issues and concerns. Grant applications are encouraged from sociologists seeking to work with community organizations, local public interest groups, or community action projects. Funding will run for the duration of the project, whatever the time span might be.

Applications are encouraged from sociologists in academic settings, research institutions, private and non-profit organizations, and government. Advanced graduate students are eligible to apply, but funding cannot be used to support dissertation research. While ASA membership is not a criterion for applying or being selected for this grant, if and when a grant award is made, the recipient must be a current ASA member. ASA membership involves acceptance of and adherence to the ASA Code of Ethics, which is critical to the implementation of the grant project. Grantees must also provide documentation of pertinent IRB approval for the funded project.
