

“TO DO” TASK SHEET
2010 Program Committee
February/March Meeting follow-up

General Assignments

Short notes on general instructions are listed below. Please refer notes under each component listed in the session roster for more complete information.

Plenary Sessions – All Plenary Sessions will be organized by the Program Committee chair, Evelyn Nakano Glenn.

Thematic Sessions – Shepherds should work with Organizers to finalize participants and other particulars related to the session. Updated session listings should be sent to Meeting Services (Meetings@asanet.org) no later than **February 5**.

Special Sessions – Shepherds should work with Organizers to finalize participants and other particulars related to the session. Updated session listings should be sent to Meeting Services (Meetings@asanet.org) no later than **February 5**.

Author Meets Critics Sessions – Keep alert for good controversial books published 2007-2009 and send your nominations to (meetings@asanet.org). ASA staff will receive and compile the nominations for committee decision at the February/March meeting.

Seminars and Workshops – Program Committee made recommendations to ASA staff. The final roster will be presented at the August meeting.

Regular Session Topics – Program Committee members are to develop rank-ordered lists of 4-5 organizer nominees for topics (do NOT contact nominees) and send lists to ASA Meeting Services by **February 5**. Two-year moratorium on organizing includes section activity. Nominees are *ineligible* if they organized open submission sessions in 2008 or 2009. You may check eligibility either through the Index of Organizers (located on your flash drive or on the planning website). Program Committee members are welcome to use any remaining nominees from the previous planning committee.

ASA Office will send invitation letter to organizers on behalf of Evelyn Nakano Glenn after organizer rankings are finalized at the next meeting.

Member Suggestions – At the February/March meeting, we must identify someone from the Program Committee who will notify the submitters of proposals that were not accepted onto the program.

Individual Assignments

The sessions for which committee members have responsibility of one kind or another are identified by session code/number below. Please refer to the notes with the tentative rosters from the December meeting for specific information. Our staff seems to have missed which committee members are responsible for the following sessions: 39 and 40 (of the meeting notes). If you had volunteered to shepherd one of these sessions, please let us know.
