CITY & COMMUNITY

PUBLISHED QUARTERLY

March, June, September, December

CIRCULATION

1,000

DESCRIPTION

City & Community, a joint creation of the American Sociological Association and its section on Community and Urban Sociology, is the first official ASA section journal. *City & Community* will publish research and theory that explore and extend the sociological aspects of all kinds of places, but especially the metropolis. Some key topics the journal will explore are: community studies, immigration, rural communities, social networks, social support, suburbia, spatial studies, studies that connect specific places to general forces, urban movements, urban history, virtual communities, and studies that examine the core concepts of "place" and "community."
