

June 2018

Congratulations to the Winners of the ASA Election

We are pleased to announce that *Christine Williams*, University of Texas-Austin, has been elected the 111th ASA President in 2020; *Joya Misra*, University of Massachusetts-Amherst, has been elected 2020 Vice President; and *Nancy López*, University of New Mexico, will be the next Secretary. [See the complete election results](#). Thank you to all the candidates who generously volunteered their service, and congratulations to the new members of our leadership team.

Help Keep a Citizenship Question Off the Census: Submit a Comment

ASA is working to ensure that a citizenship question is not included on the 2020 Census. The late addition of an untested question would fundamentally undermine the scientific integrity of the census, threatening the accuracy of the enumeration. You can help. The Census Bureau recently published a notice in the Federal Register seeking public comments on 2020 Census data collection. We encourage ASA members to [submit individual comments](#) regarding the citizenship question. Comments are due by August 7, 2018. Thank you for your efforts.

2017 ASA Editors' Reports Now Online

The annual reports from ASA editors (including data on acceptance rates, manuscripts submitted, and decisions made for manuscripts submitted during the 2017 calendar year) are now [available online](#).
