GENERAL INFORMATION

The New York Hilton Hotel

All activities of the Annual Meeting will be held in this headquarters hotel. The facilities here are such that all sessions and services will be located on the second and third floor, easily accessible from the lobby by escalators and from all floors of the hotel by direct elevators. Most committee meetings; board meetings, and ancillary group activities will be located on the fifth floor of the hotel, which can only be reached by certain elevators. If you are located on upper floors of the Hilton, it is best for you to go to the lobby and then use a local elevator to the fifth floor.

The second floor of the Hilton, where ASA registration is located, also contains many of the meeting rooms:

- Beckman Room
- Bryant Suite
- Clinton Suite
- Gibson Suite
- Gramercy Suite
- Madison Suite
- Regent Room
- Sutton Ballroom
- Rhinelander Gallery
- Murray Hill Suite

The balance of the Session rooms are located on the third floor:
- East Ballroom
- West Ballroom
- Mercury Ballroom
- Le Petit Trianon
- Rotunda

In addition, a series of small meeting rooms are located on the fifth floor:
- Franklin P. Adams
- Robert Benchley
- Clifton Fadiman
- Scott Fitzgerald
- Wolcott Gibbs
- Lorenz Hart
- Ogden Nash
- Dorothy Parker
- Damon Runyon
- Red Smith
- P. G. Wodehouse

Services

The following services are located on the second floor (the wide corridor at the escalators is known as the Promenade):

1. Registration—Promenade
2. ASA Desk—Promenade
3. Hospitality—Promenade
4. Luncheon Roundtable Ticket Desk—Promenade
5. ASA Executive Office—Morgan Suite
6. Informal Exchange Contact Center—Morgan Suite
7. Book Exhibits—Rhinelander Gallery
8. Press Room—Gibson Suite
9. Paper Sales—Clinton Suite
10. Placement Service—Sutton Ballroom

Registration

Pre-registrants may pick up their kits and badges; others may register, pay their fees, and receive their kits. The registration booths are staffed by employees of the New York Convention Bureau who are not knowledgeable about aspects of the Program or the affairs of the ASA. For such information, please go to the ASA Desk nearby.

ASA Desk

This desk will be manned by ASA Executive Office staff members who will be able to give you information relating to membership, subscriptions, program, etc. In addition, some ASA publications will be available for purchase at this desk.

Hospitality

No formal tours have been organized, but numerous brochures and flyers provided by the New York Convention Bureau concerning sightseeing, shopping, restaurants, and the many attractions of New York will be available.

Press Room

Located in the Gibson Suite, the Press Room will be staffed by members of the ASA Committee on Public Information, under the direction of the ASA Press Officer, Bernard Roshco. All representatives of the news media are invited to come to the Press Room for badges, press kits, and copies of available papers.

Paper Sales

Papers will go on sale in the Clinton Suite at 2:00 p.m. on Sunday. The price per copy will be $1.00. In the event the supply of copies does not meet the demand, pre-paid orders will be accepted and copies will be sent after the Meeting. Orders mailed in to the Executive Office after the meetings will be $1.50 per copy to cover the additional cost of mailing.

Those registrants planning to attend the Seminars or Contributed Paper Sessions are reminded that papers will not be read at these sessions, only summarized and discussed. Therefore, you are urged to obtain copies of such papers prior to the sessions.

Authors who brought multiple copies of their papers rather than mailing them beforehand should take their papers to the Clinton Suite.

The Executive Office regrets that many papers are not available because the authors either did not submit copies or preferred not to have them distributed. The papers to be given at the Refresher Lectures and the What Have We Learned Sessions will not be available for sale because they are slated for possible publication at a later date. Copies of the Presidential Address will be available only to the news media; it is scheduled for publication in the American Sociological Review this winter.

Professional Placement Service

The New York State Employment Service will conduct an Employment Center in the Sutton Ballroom. It will be open Monday through Wednesday, 8:30 a.m. to 5:00 p.m., and Thursday, 8:30 a.m. to 1:00 p.m. Facilities will be available for reviewing job orders and applications, exchanging messages, and interviewing. There is no charge for this service.

If you have pre-registered for this service, you should check in immediately and pick up your ID. Others should register their opening or availability as soon as possible.

Book Exhibits

You are urged to visit the Book Exhibits in the Rhinelander Gallery at the end of the Promenade on the second floor. Seventy-five individual exhibits plus numerous publications and periodicals in the Combined Exhibits are on display. The Exhibits will be open from 8:30 a.m. to 5:30 p.m., Monday through Wednesday, and from 8:30 a.m. to 12:30 p.m. on Thursday.

Informal Exchange Contact Center (IECC)

The rise in attendance at the Annual Meeting and the increase in the number of programmed activities have made it more difficult to establish informal contacts for the exchange of ideas with persons of similar interests. In an attempt to overcome this, an “Informal Exchange Contact Center” has been planned on a trial basis for this year. If you wish to make contact with others who have a common concern, such as a research idea, a teaching problem, some theoretical interests, some methodological innovations, or whatever, go to the bulletin board outside the Morgan Suite labelled “IECC” and post one of the forms you will find there to initiate
contact with such persons. Once you have formed a group, you may wish to arrange to meet over lunch, coffee, or cocktails, in a quiet corner of the lobby, or in someone’s hotel room. If the group you have assembled is too large for such places, check with the staff member on duty in the Morgan Suite for assignment of whatever public space might be available.

Message Desk

If you wish to contact a registrant at the Annual Meeting, the most efficient way to do so is to leave a message at the hotel mail desk. A red message light will be turned on in the guest's room and will continue to blink until the message is picked up. The ASA message desk is not adequate to this task and is designed primarily for persons not staying in hotels. Names of those for whom messages are left will be posted on a bulletin board and the actual messages kept in a file to insure privacy. You should check the board frequently for your name. Messages not claimed at the close of the Annual Meeting will be destroyed.

Child Care

The SWS (Sociologists for Women in Society) has arranged for child care during the meetings. Plans were not sufficiently completed at press time to include them here. Interested persons should inquire in the Dorothy Parker Room on the fifth floor for information.

Daily Bulletin

Each morning, Monday through Thursday, copies of the Daily Bulletin will be available at strategic spots throughout the hotel. Be sure to pick up your free copy.

PROGRAM NOTES

Plenary Sessions

President Mirra Komarovsky's address will be on Monday evening at 8:30. The recipients of the Sorokin Award, Stouffer Award, and Du Bois-Johnson-Frazier Award will be announced at this session. Raymond Mack, Vice-President, will preside.

Tuesday evening's Plenary Session, The Roles of Sociologists on Government Commissions, will consist of four papers by sociologists who have served on various commissions, Otto Larsen, Lloyd Ohlin, James Short, and Charles Westoff. Marvin Wolfgang will preside.

On Wednesday evening, Matilda Riley, Vice-President-Elect, will preside at the Plenary Session entitled Sociology of Government Commissions: Synthesis and Generalization. Raymond Mack and Paul Lazarsfeld will present commentaries on the four papers from the previous evening, and Robert Merton will conclude the series with a discussion of all the presentations.

Refresher Lectures

This series of ten lectures, an experiment in intra-disciplinary approach in a period of growing specialization, is designed for persons not primarily identified in their research or teaching with the particular area. Each lecture will be followed by a scheduled discussant as well as discussion from the floor.

What Have We Learned? Sessions

These five sessions (Nos. 10, 72, 84, 110, and 149) are designed to codify knowledge in area studies, power, violence, disasters, and military research. The format of these sessions varies from one to four papers, some with discussants, and one with a panel discussion.

Seminar Sessions

Thirty-three Seminar Sessions are designated in the Program. Papers for these Seminars should be read beforehand because they will only be summarized; the bulk of the time period will be used for discussion. Papers may be purchased in the Clinton Suite.

Contributed Paper Sessions

As in the Seminar Sessions, papers will only be summarized as members of the audience are expected to have read the paper beforehand. Copies
are available at $1.00 each in the Paper Sales room (Clinton Suite). In most of these Sessions, four papers have been scheduled, each one allocated thirty minutes, ten minutes for summary, and twenty for discussion.

Luncheon Roundtable Discussions

The luncheon roundtables are listed under Session 23 on Monday, Session 71 on Tuesday, Session 109 on Wednesday, and Session 148 on Thursday. Some tickets are still available for some of the luncheons. A bulletin board listing such availability is at the Luncheon Ticket Desk in the Promenade. Also listed here will be the luncheon numbers for which the presenters have left materials for distribution to participants.

Persons who have received a confirmation of their luncheon reservations should have received their tickets along with their badges. Persons holding tickets to any of these luncheons who find they will not be able to attend may sell their tickets to someone else or turn them in at the luncheon desk at least 24 hours before the luncheon is scheduled. If the ASA is successful in reselling such tickets, a refund will be made at a later date. If they are not resold, no refund will be possible.

Business Meetings

Two ASA Business Meetings, open to all members, are scheduled for Wednesday at 10:30 a.m. and Thursday at 8:30 a.m. Members wishing to present resolutions should submit them to a member of the Executive Office staff in the Morgan Suite not later than 3:00 p.m. on Tuesday or Wednesday for presentation the following morning. Such submitted resolutions will be given priority on the agenda. Resolutions not submitted beforehand will be placed at the end of the agenda, time permitting.

Social Events

All registrants and guests are invited to attend the Dutch-Treat Party on Monday evening immediately following the Presidential Session.

Tuesday evening following the Plenary Session, the Society of Sociological Musicians will hold their annual jazz session. Everyone is invited to participate in the cash bar and listen to the music; a unique opportunity to see your colleagues in a different role.

Wednesday evening, the first annual DAN party will be held: More specifically, the affair will be called a Departmental Alumni Students and Faculty Cash Bar Cocktail Stand-up Conversation and Meet-Your-Old Friends under Your University Standard Night. Therefore, everyone who is an alumnus, student, faculty, or friend should come. If you are none of these, come anyhow.

Joint Meetings

Several Sessions are being jointly sponsored by the Rural Sociological Society (Nos. 29 and 41), the Association for the Sociology of Religion (Nos. 39 and 41), the Association for the Sociological Study of Jewry (No. 113), and the National Institute of Mental Health (No. 6).

Criminal Justice as a System will be co-sponsored by the ASA Section on Criminology and the Society for the Study of Social Problems. Malcolm Klein has organized this session and will preside.

Textbook Publishing in Sociology in the Seventies: A Dialogue (Session No. 34) has been jointly organized with the Association of American Publishers. Melvin DeFleur will preside over a panel of representatives from four college book publishers.

Federal Funding for Sociological Research: Prospects, Policies, Procedures (Session No. 81), will include representatives from five federal agencies in a panel discussion presided over by Albert Reiss.

Activities of Other Groups

Various ancillary groups have scheduled activities during the Annual Meeting. Such events are listed on page 12 of this Program. Undoubtedly others will have been arranged between press time and the opening of the Meetings. These will be announced on the various bulletin boards in the registration area.

The most recent edition of this best-selling textbook includes a new chapter on the American Negro family, a new chapter on premarital sex codes, a distillation of the pertinent findings of the Masters and Johnson studies on marital sex adjustment, current figures on the American divorce rate, a discussion of the legal aspects of marriage and divorce that reflects the most recent changes in family law, and an enlarged discussion of experimental family organization.

AN INTRODUCTION TO THE SOCIOLOGY OF LEARNING
Sarane Spence Boocock, Russell Sage Foundation
370 pages / 1972 / $9.50
The first comprehensive definition of the sociology of learning since Waller's THE SOCIOLOGY OF TEACHING in 1932. Provides an evaluation of research work done in the past, a progress report on work under way, and a set of guidelines for work in the future.

the american
sociological association

1. The American Sociological Association, founded in 1905, is the nationwide organization of persons interested in the research, teaching, and application of sociology. It seeks to stimulate and improve research, instruction, and discussion, and to encourage cooperative relations among persons engaged in the scientific study of society.

2. Membership. There are two classes of membership in the Association: Members and Associates.

   Rights and privileges. Members and Associates have the right to attend all meetings of the Association. They are entitled to a subscription to the American Sociological Review and to such other publications as the Council may decide, at reduced rates on a wide variety of publications, and to other services as described below. Only Members have the right to vote and to hold office in the Association. Applications may be made as follows:

   For professional sociologists:

   Member. Persons with a Ph.D. in sociology or in closely related fields or who have completed at least three years of graduate study in such fields in good standing in accredited institutions, or persons lacking these qualifications if they can present evidence of comparable professional competence and commitment to the field.

   For persons in various fields, interested in sociology:

   Associate. Any person interested in the field of sociology may become an Associate.

   For students:

   Student Associates. Undergraduate majors and graduate students in sociology in an accredited institution may become Student Associates. Students wishing to receive ASA journals without other benefits of membership may subscribe at reduced rates.

   Student Member. New Members who are continuing as students may pay lower dues than Members for four years beyond the time of their initial eligibility for Member status.

   For persons not desiring journals:

   Special categories are available at lower dues for those who wish the privileges of membership without the three journals included in the membership: The American Sociological Review, Contemporary Sociology, and The American Sociologist.

   The Association publishes three quarterly journals: Sociometry, devoted to research in social psychology; Sociology of Education, devoted to studies of education as a social institution; and The Journal of Health and Social Behavior, devoted to sociological analysis of problems of human health and welfare, including the institutions for their diagnosis and management.

   The ASA publishes the ASA Rose Monograph Series in Sociology, available to members at cost, and sponsors Sociological Methodology and Issues and Trends in Sociology.

   Members and Associates may subscribe at reduced rates to numerous domestic and foreign journals related to sociology. Coupons for these subscriptions are sent to members each fall.

4. Annual Meetings. The Association holds an Annual Meeting at the end of summer. Current plans call for a four-day conference, providing opportunities for the presentation and discussion of research projects and problems. Abstracts and copies of papers presented at the Annual Meeting are made available to Members and Associates.

5. Sections. Members and Associates with interest in special fields of sociology may join Sections of the ASA. Currently there are Sections devoted to Medical Sociology, Criminology, Sociology of Education, Family, Theoretical Sociology, Sociology of Organizations and Occupations, Sociology of Sex Roles, Methodology, Undergraduate Education, and Community.

6. Relations to Other Associations and Societies. The American Sociological Association has official representation on the Social Science Research Council, the American Association for the Advancement of Science, the American Council of Learned Societies, the International Sociological Association, and others.

Applications for membership available at ASA Information desk.
