The Social Fabric: Dimensions and Issues

While the 1984 Program provides ample opportunity for consideration of the full range of topics in the discipline, we will devote special attention to the social fabric. What have we to say about the nature of the social fabric, its strengths and its weaknesses? What is it that holds societies together despite conflicts of interest? How do we account for the seeming paradox of the persistence of institutional forms of modern societies in the face of extreme vulnerability (to terrorism, for example) and rapid social change? How, and with what consequences, is the balance struck between coercion and cooperation, between centralized control and local autonomy, between leaders (and would-be leaders) and constituencies, between experts (and would-be experts) and those whose lives depend on specialized knowledge? These and many other questions are considered.

The theme lends itself to inquiry at every level of explanation—individual, micro, and macro—and by every specialty. It lies at the heart of phenomena which are fundamental to the discipline: social change, demographic and ecological processes, human nature and the nature of social order. It seems especially pertinent for our attention in 1984—the year symbolic of the Orwellian vision.

ASA Executive Office—Convention Center, South Banquet Hall

The Headquarters Office will be staffed from Monday through Friday by Executive Office personnel. The demands on staff time and equipment are limited to official ASA functions; secretarial services are not available. Individuals or groups requiring office equipment must arrange for the rental of this equipment directly with suppliers.

ASA Information Desk—Convention Center, Gallery

The Information Desk is staffed with ASA Executive Office personnel who will be able to provide information on membership, subscriptions, and publications. Copies of the 1984 Guide to Graduate Departments, the 1984 Directory of Members and the 1984 Directory of Departments of Sociology are available for purchase, as are other ASA publications. Sample copies of ASA journals are also available for inspection. In addition, Teaching Resources Center materials are on display, free copies of catalogues are available, and new TRC materials are for sale.

Child Care—Marriott, Milan/Valera

Child care is being provided by personnel from TeacherWorks of San Antonio. Care will be available during daytime program sessions (8:00 a.m. to 6:30 p.m.) for infants and older children. Evening care can be arranged on an individual basis; check with child care personnel or the Executive Office for details.

Charges for those who did not pre-register their children for the Child Care Service will be $7.50 per child for a half-day (8:00 a.m. — 1:30 p.m.) and $15 per child for the entire day. [For children using the Child Care Service for shorter periods, the half-day fee will apply in order to encourage more stable use, discourage frequent dropping in and out, and simplify payment.] Children who have not been pre-registered with the Service will be accepted on a space-available, first-come first-served, basis only.

NOTE: All parents using this service must also be paid registrants for the Annual Meeting.

Employment Service—Convention Center, South Banquet Hall

The ASA Employment Service will again this year be under the very capable direction of Mr. and Mrs. Bill Clement and will be open Sunday, August 26, from 1:00-5:00 p.m. and Monday through Thursday, 8:30 a.m.-5:00 p.m.

Facilities will be available for reviewing employment listings, exchanging messages, and interviewing. If you have pre-registered for the Employment Service, report to the South Banquet Hall as soon as possible to activate your file. If you have not registered, you should do so as early as possible.

All persons using the Service must register for the Annual Meeting as well as for the use of the Employment Service. Once registered, you will be issued a pass permitting your entrance to the Service any time it is open. No one will be admitted without a pass. Fees for the use of the Employment Service are: ASA member applicants—$5; non-ASA member applicants—$25; Employers—$30.

Exhibits—Convention Center, South Exhibit Hall

All Annual Meeting attendees are encouraged to browse through the Exhibits located in the South Exhibit Hall. Exhibits open on Monday, August 27 and will close on Thursday, August 30. Exhibit hours are: 9:00 a.m. until 5:00 p.m., Monday through Wednesday; 9:00 a.m. to 1:00 p.m., Thursday. See the "Directory of Exhibitors" listed elsewhere in this Program for names and booth numbers for all exhibitors.

A self-service "sidewalk cafe" will be located inside the South Exhibit Hall for light breakfasts, lunches and snacks. Hours for this service are 9 a.m.-3 p.m.

Paper Sales—Convention Center, South Banquet Hall

Papers will go on sale at 2:00 p.m. on Sunday at the price of $1.25 each. All session papers which were submitted to the Executive Office for duplication and/or distribution at the Annual Meeting appear on the list of "Available Papers" (free copies available in the Paper Sales Room). Papers may be purchased as long as supplies last; orders for future delivery cannot be accepted. Requests for papers which have sold out or were not supplied must be sent directly to the author(s) and, in order to facilitate this procedure, a "Roster of Authors" which includes names and addresses of authors (in the case of multiple authors, the first named author is listed) may be purchased for $1.50. The Executive Office is not able to return unsold copies of papers to individual authors after the Annual Meeting. However, authors may pick up remaining copies of their own papers (including those that the ASA duplicated) on Sunday, between 3:30 and 6:30 p.m.

NOTE: Persons wishing access to the Paper Sales Room must also be paid registrants for the Annual Meeting; badges will be required for entrance into this area.

Press—Convention Center, South Banquet Hall

Media representatives are invited to stop by for press registration packets.

Roster of Pre-registrants—Convention Center, Gallery

A roster containing the convention addresses of pre-registrants is posted on a bulletin board in the Registration Area. A Locator File will be maintained at the ASA Information Desk as the meeting progresses.

Tours—Convention Center, Gallery

Those already enrolled for tours should have received their tickets from Local Arrangements, Inc. Please check at the Information Desk in the ASA Registration Area for any cancellations or changes in tour schedules. All tours will depart from Convention Way Drive on Market Street across from the San Antonio Marriott Hotel. Present tickets to the "ladies in green" when boarding buses.

Some tickets may still be available for tours; check at the Information Desk. Cancellations will not be accepted; you may, however, sell your ticket to someone else if you are unable to attend. Refunds for tours that are cancelled by the organizers will be made after the Annual Meeting.

Goode (Stanford University), Peter H. Rossi (University of Massachusetts, Amherst), and Morris Zeldich, Jr. (Stanford University) discuss "How is Social Order Possible?"

Thematic Sessions

It is customary for the President to select a theme for the Annual Meeting; for 1984, President James F. Short, Jr., has chosen "The Social Fabric: Dimensions and Issues". The fourteen Thematic Sessions organized by the Program Committee are devoted to investigating this theme and reflect the inventive thought, exploratory character, and broad scope of the Committee's deliberations. Organizers chosen for the Thematic Sessions were given considerable latitude regarding how they wished to present these topics and this is evident in the variety of exciting sessions outlined. For details on the topics and participants, refer to the following Sessions:

Monday, Sessions 9, 25, 41
Tuesday, Sessions 55, 69, 104
Wednesday, Sessions 104, 119, 142, 156
Thursday, Sessions 172, 188, 209
Friday, Session 236

Didactic Seminars

Designed to keep teaching sociologists abreast of recent scholarly trends and developments, Didactic Seminars are conducted by experts who are invited by the Program Committee and who are considered to be at the forefront of a given field. Speakers will present pedagogical materials to explain specialized developments within their topic areas. Seminars are scheduled from two to three hours.

Attendance at the Didactic Seminars is by paid reservation only and is limited to 50 at each seminar. Those already enrolled should have received their tickets with their name badges, but should check at the Luncheons/Seminars Desk in the Registration Area for any materials presenters might have provided for distribution. Those who did not reserve in advance but who wish to attend should check at the Luncheons/Seminars Desk for possible openings.
All persons registering for Didactic Seminars must also be paid registrants for the Annual Meeting. No one will be admitted without a paid reservation; tickets will be collected at the door.

Didactic Seminars are scheduled throughout the meeting, as follows:

Session 2, Monday, 8:30-11:30 a.m.—Techniques of Elite Analysis (Edward O. Laumann and David Mark Premuzic)

Short Courses

For the 1984 Annual Meeting, the Program Committee has expanded the “mini-course” component of the Program. Three refresher courses in theory and methodology are scheduled during this year’s program in addition to a repeat of the popular LISREL mini-course.

All short courses are scheduled in two half-day sessions, as follows:

Session 27, Monday, 2:30-4:30 p.m.; Tuesday, 12:30-4:30 p.m.—Mini-course on LISREL models (J. Scott Long)
Session 57, Tuesday, 8:30 a.m.-12:30 p.m.; Wednesday, 8:30 a.m.-12:30 p.m.—Refresher course in quantitative methodology (David Nazziore)
Session 84, Tuesday, 12:30-4:30 p.m.; Wednesday, 2:30-6:30 p.m.—Refresher course in qualitative methodology (Michael Quin Patton)
Session 105, Wednesday, 8:30 a.m.-12:00 noon; Thursday, 8:30 a.m.-12:00 noon—Refresher course in recent sociological theory (David G. Wagner)

Attendance at each Short Course is by paid reservation only and is limited to 50. Those already enrolled should have received their tickets with their names badges, but should check at the Luncheon/Seminar/Tickets Desk in the ASA Registration Area for any materials the instructors might have provided for distribution. Those who did not reserve in advance but who wish to attend should check at the Luncheon/Seminar/Tickets Desk for possible openings.

All persons attending Short Courses must also be paid registrants for the Annual Meeting. No one will be admitted without a paid reservation; tickets will be collected at the door.

Professional Workshops

To explore issues of importance to the professional rather than substantive concerns of sociology as a discipline, the 1984 Program Committee has designed ten Professional Workshops to be held during this year’s Annual Meeting. Topics to be covered by these workshops include:

- Job Clinic (Session 1, Saturday and Sunday)
- Talent transfer opportunities in the corporate marketplace (Session 10, Monday, 10:30 a.m.)
- Maintaining professional identity in non-academic settings (Session 29, Monday, 2:30 a.m.)
- Orientation to the job market (Session 59, Tuesday, 8:30 a.m.)
- Competition between sociologists and other social and behavioral scientists for applied positions (Session 108, Wednesday, 8:30 a.m.)
- Department chairing (Session 121, Wednesday, 10:30 a.m.)
- Managing the impact of budgeting restrictions within the university (Session 145, Wednesday, 2:30 p.m.)
- Representing social science in the research-supporting community (Session 173, Thursday, 8:30 a.m.)
- Authors and publishers: contracts and other issues (Session 212, Thursday, 2:30 p.m.)
- Employment opportunity for sociologists in applied settings (Session 225, Friday, 8:30 a.m.)

Teaching Workshops

Six Teaching Workshops on a variety of topics have been organized for the 1984 Annual Meeting. Attendance is open to all. Details may be found under the following sessions:

- Library user skills (Session 44, Monday, 4:30 p.m.)
- Teaching deviance and criminology (Session 71, Tuesday, 10:30 a.m.)
- Integrating a social change focus into sociology courses (Session 109, Wednesday, 8:30 a.m.)
- Teaching sociology in the high school (Session 159, Wednesday, 4:30 p.m.)
- Teaching race and ethnic relations (Session 174, Thursday, 8:30 a.m.)
- Teaching social stratification (Session 213, Thursday, 2:30 p.m.)

Special Sessions

Included in the 1984 Program are twelve Special Sessions which emphasize topics of special interest and timeliness. Special Sessions vary in format from panel discussions to paper presentations and attendance is open to all. Details may be found under the following sessions:

- Teaching deviance and criminology (Session 71, Tuesday, 10:30 a.m.)
- Teaching race and ethnic relations (Session 174, Thursday, 8:30 a.m.)
- Teaching social stratification (Session 213, Thursday, 2:30 p.m.)

Luncheon Roundtable Discussions

A complete listing of luncheon topics and presenters is printed in the body of this Program under Session 21, Monday, Session 63 on Tuesday, Session 134 on Wednesday, and Session 203 on Thursday.

Tickets are still available for some of the luncheons; the numbers are listed at the Luncheons/Seminar Desk in the Registration Area. Also listed are the luncheons numbers for which the presenters have left materials for distribution to the participants prior to the roundtable discussion. Persons who have confirmed reservations should have received their tickets along with their name badges. If, however, your check and reservation request were received in the Executive Office too late
for processing, a refund will be made at a later date. Please check at the Lunchrooms/Seminars Desk. Ticket sales will be closed one hour before luncheons begin each day.

Cancellations will not be accepted later than 48 hours prior to the scheduled luncheon. You may, however, sell your ticket to someone else if you are unable to attend.

No one will be admitted into the luncheon room without a valid ticket. Observers are not permitted. In fairness to members who have paid for their reservations, your cooperation with the personnel in charge is essential.

Topical Review Panels

Topical Review Panels are a new feature in annual meeting programs. These sessions are entirely devoted to the discussion of a group of related papers by their authors; no formal paper presentations are to be made. Details on the panels appear in the Program under the following sessions:

Zen Buddhism in America (Session 73, Tuesday, 10:30 a.m.)
The Problem of Commitment in the Classroom (Session 191, Thursday, 10:30 a.m.)

ASA Section Activities

Section activities, frequently innovative and ranging in format from formal paper presentations to topical seminars to mini-conferences, are interspersed throughout the five-day schedule of the Annual Meeting and are open to all meeting attendees. As determined by the ASA Council, the number of sessions allocated to each Section is based on the size of the section. For the 22 active sections (plus one in formation), there are a total of 97 separate program activities scheduled. The Section Council/ASA Section Activities and the Section-sponsored Program Sessions are summarized below for quick reference; for more complete information, refer to the Program.

ASA Business Meeting

The annual Business Meeting of the Association is scheduled for Thursday, August 30, at 8:30 p.m.

All members of the ASA are encouraged to attend to hear Association officers present their reports to the membership, see ASA Awards presented, and consider resolutions from ASA members offered for discussion and action.

Resolutions for the Business Meeting must be delivered to the ASA Headquarters Office in the Convention Center before 5:30 p.m. on Wednesday, August 29. Each resolution must indicate the name and affiliation of the submitter and identify the person who will actually present the resolution at the Business Meeting. Those received before the deadline will be posted in the ASA Registration Area so that members may become familiar with upcoming business. Resolutions submitted to the Executive Office by the Wednesday deadline will be given preference on the Business Meeting agenda; unposted resolutions will be permitted, up to the limit of time available before the 10:30 p.m. adjournment.

Reminder...Only current voting members of the ASA may submit, present, discuss or vote on Business Meeting resolutions.

DAN!

The Twelfth Annual Departmental Alumni Night (DAN) Party will be held on Monday evening at 10:00 p.m. (Convention Center, River Court). Just find the banner from the institution you attended, served, are serving, or hope to serve. A special table for international guests and another for sociologists in business and industry will provide additional "home bases." Centrally located cash bars will be set up to aid in the fun.

Student Reception

On Monday, August 27, from 5:00-6:30 p.m. (Marriott, Bowie), ASA will sponsor a Student Reception to provide opportunities for students to acquaint themselves with sociologists of diverse sociological specialties and backgrounds. Members of several ASA Committees and Sections and Honors Program participants will be present to encourage and facilitate the informal exchange which makes this event so distinctive. All students and practicing sociologists are cordially invited to attend this open reception.

Orientation Party

The Committee on Membership Incentives welcomes new members and first-time convention attendees, and all other members interested in finding ways to greater involvement in the Association, to an Orientation Party on the first night of the Annual Meeting. ASA officers and representatives from Committees and Sections will be present to provide information about Association activities and answer questions on an informal basis. Free beer and soft drinks will be provided to meet registrants. Refer to the announcement in your registration packet for details on the Orientation Party on Monday, 5:30-7:00 p.m., in the Marriott (Alamo Salon C).

Presidential Reception

All convention attendees are cordially invited to the Presidential Reception on Tuesday, 6:00 p.m., following the Presidential Address (Session 163) by James F. Short, Jr. (Washington State University). This year's reception is jointly sponsored by the ASA, the Southwestern Sociological Association, and Washington State University. A small jazz group (Rohrmatz, Becker, Faunce, Roehrborg-Halton, Scott, Schuessler) will set the mood for this year's gala event. Check the Convention Bulletin in your registration packet for the latest details!
Student Hospitality Room

The ASA Council has made provisions for a hospitality room for students attending the Annual Meeting. The La Espada West Room in the Hilton will be open from 8:00 a.m. to 8:00 p.m., Monday through Thursday, to provide a place for students to meet, caucus, make dinner arrangements, etc. Some refreshments will be provided at intervals during each day. All students registered for the Annual Meeting are welcome to make use of this hospitality room.

Other Groups Displays

Several organizations will have membership information and publications on display in the Table Area (Convention Center, South Banquet Hall entry area).

Activities of Other Groups

Meetings, times and locations of activities of various groups meeting in conjunction with the ASA are listed elsewhere in this Program. Except for a few cases, these meetings are open to the membership. All groups are encouraged to have announcements available in the ASA Registration Area and Other Groups Displays Area for members’ information.

The Republic of Cousins: Women’s Oppression in Mediterranean Society
Germaine Tillion

In this classic work, now in its fifth edition in France, Germaine Tillion draws on ethnography, sociology, legend, literature, and personal history to show that the particular oppression of women that is found in Mediterranean countries, and which is often associated with Islam, is actually part of a legacy from pagan prehistory that weighs on Christian and Muslim alike. This is a work of engaging charm and impressive scope, a blend of scientific insight, irreverent wit, and provocative speculation.

The Power to Punish: Contemporary Penology and Social Analysis
Edited by D. Garland and P. Young

In this collection, the editors hope to provide a valuable text for current use in teaching and one which will open up further inquiry. The essays seek to provide an explanatory and not merely a descriptive approach to penalty, and their focus marks a shift from traditional moral and technical penology towards a political and social analysis of the institutions, practices and techniques through which that power is exercised.

The Nature of Work: An Introduction to Debates on the Labour Process
Paul Thompson

A concise and insightful introduction to debates on modern labor practices. The book sets out and compares the established traditions in industrial sociology and the original analysis of the labor process of Marx. It explores the issues of deskilling, Taylorism and structures of control, and pays particular attention to two frequently ignored, but crucial, issues: the legitimation caused by workers’ acquiescence in labor-process practices; and the effects of sexual division of labor.

If all sociology articles were in sociology journals...

...you'd probably never miss a single article important to your work. But it's not that easy! Because all the social sciences are so closely interrelated, you need a multidisciplinary index that covers your subject area plus a wide range of related fields: you need the Social Sciences Citation Index®.

The Social Sciences Citation Index indexes every article from the most significant sociology journals worldwide, and also every article from journals in other disciplines in the social sciences. In addition, we scan over 3,000 science journals for articles relevant to the social sciences. The result is the thorough, multidisciplinary coverage you need.

This collection of essays, edited and with an introduction by noted anthropologist Mary Douglas, explores food as a medium of social relationship. In the eating patterns of three American subcultures, we see how food is used to celebrate social events, define social categories, and confirm social values. The powerful cultural meanings invested in food, these essays suggest, offer clues to patterns of social change and social integration.

WOMEN, CAREERS, STATUS AND POWER
Judith Lorber

"A superb addition to research on women professionals!" — Cynthia Fuchs Epstein

"This book should be read by women physicians at every stage of their careers. It provides well-researched ammunition for overcoming hidden discrimination."
— Lila A. Wallis, Cornell University Medical College and President, Regional Council for Women in Medicine, Inc.

In Women Physicians, Judith Lorber shows that there are still barriers — formal and informal — to women doctors. Using the results of two surveys on American physicians, she demonstrates that there is gender stratification and that through informal networks and "inner circles" men act to exclude women. In addition, she shows how families and children affect women, and looks at two physician couples to see what being married to a doctor does to both men and women.

ALTERNATIVE MEDICINE
Popular and Policy Perspectives
Edited by J. Warren Salmon

This is the first systematic and critical investigation of the holistic health movement — the first to put in perspective its contributions and limitations. It goes beyond the scope of popular literature and explores the history, principles, practice and status of the whole spectrum of holistic health systems, including chiropractic, non-medical and spiritual healing, oriental medicine, self care and folk medicine.

This superb new introductory text incorporates a remarkable range and breadth of description and analysis in a book of moderate length. An extremely engaging writing style encourages students to examine questions that sociology attempts to answer. Throughout, readers are presented with a unique balance of description and research with a minimum of jargon. The supplement package (manual test items and study guide) have all been author developed to assure consistency.

The Miami Riot of 1980 Crossing the Bounds
Bruce Porter, Brooklyn College and Columbia University, and
Marvin Dunn, Florida International University and Academy for
Community Education in Miami
This shocking, minute-by-minute account of a riot traces the sordid
history of race relations in Miami that led to such brutality. The
authors examine the primary causes — the acquittal by an all-white
jury of five white police officers charged with the fatal beating of
black insurance executive Arthur McDuffie — as well as other
causes. Porter and Dunn base their compelling analysis on
interviews, public reports, and census data.

The Day-Care Dilemma Women and Children First
Marian Blum, Wellesley College Child Study Center
"The book does a good job of integrating two concerns —
women's issues and children's needs — which are often not
discussed together in professional literature." — Dr. Kelvin
Seiffert, The University of Manitoba
A child-care professional criticizes the current day-care institution
and advocates shared responsibility between mothers and fathers,
increased employer support for child care, and a halt to the
exploitation of day-care workers. The author points the way toward
long-term solutions for the day-care dilemma, and offers a fresh
definition and evaluation of contemporary childrearing.

Child Custody A Study of Families after Divorce
Deborah Anna Luepnitz, Philadelphia Child Guidance Clinic
"For those whose work or personal situation requires that they
anticipate the consequences of one or another custody
arrangement, this book provides the first detailed comparisons of
the experiences of divorced mothers and fathers who have sole
custody and divorced parents who have some form of joint
custody." Robert S. Weiss, Harvard Medical School
The author presents an in-depth comparison of families' coping
strategies, problems, and successes under different
arrangements. The book reveals some unforeseen findings and
highlights the advantages and disadvantages for all involved of
each arrangement.

Helping Children Cope with Stress
Avis Brenner, Lesley College

stressed children reshape their lives. Information is provided to

neglect, poverty, and the growing trend among parents to push
their children to excel at an early age. Dr. Brenner recommends
directions for future investigation in a field where research is
urgently needed.

No Sense of Place
The Impact of Electronic Media on Social Behavior
JOSHUA MEYROWITZ, Associate Professor of Communication, University of New Hampshire. The electronic media have radically altered social roles by changing "who knows what about whom," Joshua Meyrowitz argues. TV has exposed men and women to each other's domains and strategies, given children access to adult knowledge, and taught all of us about the fallability of politicians. Advancing a daring and sophisticated theory, Meyrowitz shows how the electronic media change our "sense of place"—creating new social situations that are no longer shaped by physical location and physical presence.

The British-American comparison is particularly illuminating—and timely."—David Vogel, Editor, California Management Review. Against Fragmentation
The Origins of Marxism and the Sociology of Intellectuals
The late ALVIN GOULDNER, edited by JANET GOULDNER and CORNELIS DISCO. A sequel to The Two Marxisms, this book was substantially completed by Gouldner himself and edited by his widow, Janet, and sociologist Cornelis Disco. Against Fragmentation applies resources Gouldner developed over the last decade and also draws on his earlier accomplishments in an effort to understand the sources of both Marxist rationality and irrationality. The book is an account of how fragmentation occurred in Marxism as well as a call to social theory, as personified in a community of critical theorists, to become the agent for developing a holistic rationality that could mitigate against the fragmentation of everyday life.

The Crucible of Race
Black-White Relations in the American South Since Emancipation
JOEL WILLIAMSON, Professor of History, University of North Carolina, Chapel Hill. The most important book on race relations since C. Vann Woodward's Strange Career of Jim Crow, this book draws on a huge array of sources and perspectives—political, social, economic, literary. Williamson focuses on the critical period when Southern white leadership switched its power base from one resting on blacks in slavery to one resting upon an inclusive "communion of whiteness." Southern patterns proved easily exportable to other parts of the U.S. when blacks began to leave the South after 1915.

How do we stay vertical?

Our success in publishing books at every level starts with high standards of quality — and continues with a responsiveness to current academic thinking and to the needs of your students. Building on the reputation of such landmark works as Tally’s Corner, Elliott Liebow’s absorbing study of black street corner society, we’ve developed a college list that embodies an unwavering commitment to sociology throughout the life cycle.

Our prestige as a publisher of superior social science books has attracted authors who are renowned both as scholars and as teachers. And successful sales of survey texts for large enrollment courses have given us the resources to continue publishing the very best for upper division courses. The gratifying results: such highly regarded offerings as Arlene and Jerome Skolnick’s Family in Transition (now in its enormously popular fourth edition) ... Masters, Johnson, and Kolodny’s Human Sexuality (a bestseller scheduled for revision this coming year) ... the Little, Brown Series on Gerontology ... and these other fine titles. ... 

Our widely adopted intro text... Available soon in a new edition!

SOCIOLOGY: An Introduction
J. Ross Eshleman and Barbara G. Cashion

When we first introduced Sociology, this accessible introduction was hailed by students and teachers alike for its balanced coverage of research and theory as well as its wealth of everyday examples. Now, with the help of an extensive user questionnaire, Eshleman and Cashion have made a good thing even better. Their careful revision retains the most successful features of the first edition — and adds some welcome refinements. The entire text has been updated and clarified, and there is increased coverage of human sexuality, technology and computers, and the media. Coverage of social groups and organizations has been moved forward from Chapter 11 to Chapter 5, age and gender differentiation are now discussed in two separate chapters (10 and 11), and a new Chapter 17 addresses health care groups and systems.

Profiles of sociologists working in a wider range of occupations enhance the already popular “Sociologists at Work” interviews, and an updated career appendix, new boxes, and part-ending readings make this the most appealing text available. And our teaching and learning package is better than ever, with a revised Study Guide and Instructor’s Manual as well as an expanded, 2100-item Test Bank — plus, our generous film credit policy.

Announcing a New Series from St. Martin's

Theoretical Traditions in the Social Sciences

The Theoretical Traditions in the Social Sciences series aims to create a forum for debate between different theoretical and philosophical traditions in the social sciences. Each volume in the series will concentrate on the work of a particular thinker or school of thought whose ideas have had a major impact on social science.

All titles will be published in simultaneous cloth and paperback editions.

THE RISE AND FALL OF STRUCTURAL MARXISM
Ted Benton

A wide-ranging and accessible exposition and criticism of the main ideas and achievements of the structural Marxists. MICHEL FOUCAULT
Mark Cousins and Athar Hussain

The American Sociological Association invites you to honor the memory of departed teachers, colleagues and students by a perpetual endowment in their names, or to express your own attachment to the discipline of sociology by an endowment in your own name.

The Endowment Fund, established by the Association for the advancement and dissemination of sociological knowledge, is divided into individual Endowments, each designated according to the wishes of its donor or donors.

The minimum initial amount for the establishment of an Endowment is $1000, or property of equivalent value.

The Association hopes to preserve the principal of each Endowment indefinitely, while spending the annual income for scientific, educational and charitable purposes.

The donor or donors of an Endowment are furnished an annual statement showing the current balance in the Endowment and how its income was spent during the proceeding year.

More than a monument of stone or bronze, an Endowment will keep the person for whom it is name involved in the ongoing life of the discipline far into the future.

For further details, contact the ASA Executive Office; 1722 N Street, N.W., Washington, D.C. 20036; (202) 833-3410.
