Virtual Engagement Event
Thank you to everyone who participated in the ASA Virtual Engagement Event. Over 5,250 attendees participated in a robust program of more than 600 virtual sessions. And thanks to 2020 President Christine Williams, members of the 2020 Program Committee, and all the session organizers for their hard work in creating the virtual event after our Annual Meeting in San Francisco was cancelled. Links to recorded sessions and presentations will remain posted in the online program until September 30. You may still register (free to ASA members) for the virtual engagement event to access the links. Videos of the plenary sessions, including the 2020 Presidential Address, have been posted to the ASA Annual Meeting Video Archive web page and will be retained in perpetuity. Additional presidential sessions will be added to that page as they become available.
