

Supplement to the Mathematical Sociologist, newsletter of the Mathematical Sociology Section of the American Sociological Association

Winter, 2005

**CALL FOR YEAR 2005 MATHEMATICAL SOCIOLOGY SECTION AWARD
NOMINATIONS**

Outstanding Article Award

To recognize outstanding contributions to mathematical sociology, each year an award is given for an article published within the last three years. The award will be shared equally if the publication has more than one author. Articles eligible for a 2005 award must have been published in calendar years 1992-2005. Formal nominations, five copies of the nominated article, and additional supporting materials must be received by the committee chair by **March 1, 2005**. Please send or e-mail nominations to the Committee Chair:

Robert A. Hanneman
Sociology Department
University of California
Riverside, CA 92521
robert.hanneman@ucr.edu

Graduate Student Paper Award

The Graduate Student Paper Award is for the best paper in mathematical sociology written or published during the previous three calendar years. All authors of a nominated paper must have been graduate students at the time the paper was written. An award for a multiply-authored paper will be shared equally by the authors. For each author the following information must be supplied by the nominator: name, address, telephone number, e-mail address (if available), institutional and departmental affiliation while a graduate student, title of graduate degree and date at which award of the degree occurred or is expected. Papers may be published or unpublished. A thesis or dissertation chapter or a paper based on a thesis or dissertation, but not the entire thesis or dissertation, is eligible provided its content and references are self-contained. Awardees need not be members of the ASA, nor of the Mathematical Sociology Section, and may be graduate students in any department of any university in the world. Self nominations by authors are permitted and encouraged. A nomination consists of a cover letter, in which the nominator gives a detailed justification for granting the award for the nominated paper, plus five copies of the paper and an associated abstract of up to 250 words, including the author information specified above. The deadline is **March 1, 2005**. Please send or email nominations to the Committee Chair:

Noah Mark
Sociology Department,
Stanford University
Stanford, CA 94305-2047
nmark@stanford.edu

Book Award

To recognize outstanding contributions to mathematical sociology, each year the section gives an award for outstanding career or significant book, in alternating years. The book award will be given in 2005; this award is for a book published in the last four years. Books eligible for a 2005 award must have been published in calendar years 2000- 2005. The award will be shared equally if the publication has more than one author. Formal nominations and additional supporting materials must be received by the committee chair by **March 1, 2005**. Please send or e-mail nominations to the Committee Chair:

Guillermina Jasso
Sociology Department,
New York University,
269 Mercer Street
New York, NY 10003-6687
gjl@nyu.edu

For all awards, the recipient need not be a member of the Mathematical Sociology section. Self nominations are encouraged.
